A SPECIAL NOTE OF THANKS

On behalf of the Town of Enfield, we would like to thank Mrs. Walter Furlow for her gift of Pepsi Company stock to the Town of Enfield and to the Public Library in memory of Walter, who aided us in so many ways.

TO THE CITIZENS OF ENFIELD:

I wish to thank those involved in making my two months of employment in 1976 as pleasant as they were.

I extend an invitation to all Townspeople to call or stop by the Selectmen's Office from 9-5 Monday through Friday to discuss Town issues of interest. I am a Selectmen's representative to handle problems either by myself or with their guidance, depending upon the problem. I look forward to meeting each and everyone of you.

Sincerely,

ENFIELD CONSERVATION COMMISSION

The subject of identifying additional roads in Enfield as Scenic Roads was researched during the year. As a result an article has been included by petition in the Warrant for the 1977 Town Meeting to make Kluge Road a Scenic Road.

Seven Dredge & Fill applications were received and reviewed.

Plans are being made to send a camper to Youth Conservation Camp at Spruce Pond in June.

Money was given to the Bicentennial Committee for tree planting at Huse Park in the spring of 1977.

Members attended the presentation held by the U.S. Soil Conservation Service Survey team concerning the progress of the soils map for Enfield.

Members attended the LaSalette Land Use Study presentation.

Among other activities was administration of the Shaker Mountain Ordinance and the Class VI road Ordinance.

Respectfully submitted,

Olivene H. Cummings
Chairman

ENFIELD PLANNING BOARD

The major activity of the Planning Board during 1976 was concerned with the processing of subdivision applications and site plan reviews for non-residential development.

A revised and much more accurate map of the Flood Hazard Area was approved by the Department of Housing and Urban Development in March, 1976. This was the result of an appeal from the original Flood Hazard Area Map filed with H.U.D. by the Planning Board as discussed in the 1975 Planning Board Annual Report.

The Planning Board, jointly with the Conservation Commission, sponsored a`Land Use Study of the LaSalette property. Aside from its major importance as a source of factual information for guiding the ultimate development of the property, the study served as a pilot model for the type of study necessary as part of the Master Plan update.

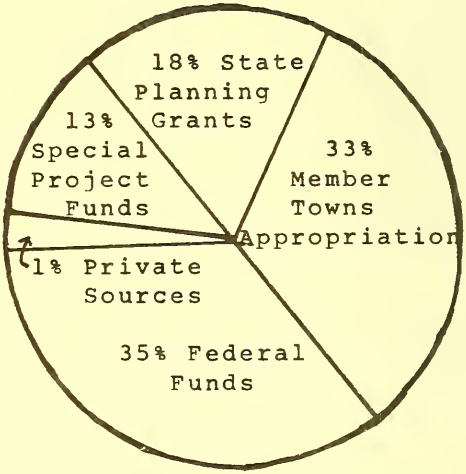
Due to support of the LaSalette study, no additional field work could be done on the Enfield soil survey project in 1976. However, the final report, including soil maps, on the field work completed in 1975 was completed by the U.S. Soil Conservation Service and submitted to the Planning Board in November. A public information meeting was held to review and discuss this report.

Site Plan review regulations for non-residential development were prepared and, after public hearing, were adopted 15 September 1976.

Because of the large amount of activity in 1976 relative to subdivision applications, applications for variances and non-residential site plan reviews, all of which required at least one public hearing apiece, the Master Plan update schedule was not met. This will be given top priority in 1977.

UPPER VALLEY
LAKE SUNAPEE COUNCIL

ANNUAL INCOME SOURCES



As one of the original members of the Upper Valley-Lake Sunapee Council, Enfield has actively participated in the regional approach to problem solving. We now have thirty-one towns eligible for membership in the Council. One of the most important offerings of the Council as far as Enfield is concerned is the technical assistance given to our town officials. The Council also serves as a host agency for people interested in developing industries in the Upper Valley. This year we have been involved in bringing in $3 million of industry to the area.

There are major regional programs such as housing, transportation and landfill studies. There are information gathering programs, in which the Council intervenes with federal sources and assists towns in dealing with the new flood insurance or public works or community development laws-and applying for federal dollars.

There are seminars and workshops on such topical issues as recreation grants and tax mapping or historic preservation. And there's the ever-popular technical assistance program in which the Council staff works directly with Selectmen or the Planning Board on zoning, master plans, subdivision regulations, mapping and other direct assistance.

Jere Stoller was appointed as a director in mid-year replacing Dr. C. Cummings who resigned to

devote more time to the Planning Board. Jere's sincere interest in improving the town led to his appointment. Mrs. Germaine Schmanska has served on the Council since it began planning in 1970. This past year she served as the first woman president of the entire council and chairman of the Upper Valley Planning and Development Council. She considered it an honor and a pleasure to run the show. This year she is serving as chairman of the Upper Valley again. As an officer, she also serves on the Executive Committee and the Budget Committee.

It must be remembered that the Council is an advisory agency not a form of regional government. We can serve as a collective voice for the towns in dealings with state and federal governments on regional planning matters. One of the most upsetting situations in working on regional planning is the constant increase in federal planning requirements without adequate funding to back the requirements. This does not, however, lessen the importance of our fast growing area to plan for the future. Yours support of the Council and its activities is appreciated.

Respectfully submitted,

Germaine Schmanska

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Since its beginning in 1893, the State Forestry Department has recognized the fact that forest fire prevention and suppression is a joint state and town or city responsibility. Local authorities recommend names of persons to the State Forester, who appoints one person as town or city fire warden and several other persons as town or city deputy fire wardens to a three year term.

The local forest fire warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the fire warden deems as safe.

The State Forest Fire Service trains the local forest fire organization in modern forest fire prevention and suppression tactics. The State also provides backup personnel and equipment for suppression and prevention activities.

The combination of State and local forces has resulted in one of the smallest acreage loss due to forest fires in the United States for the past 20 years.

ENFIELD HISTORICAL SOCIETY

The Enfield Historical Society is committed to "discover, collect and preserve anything which relates to the history of Enfield, and to foster and encourage an interest in this history"---a quote from its Constitution.

Such a Society was originally organized by George W. Johnson in the early 1800's, and some of the volumes of material he collected are in the Dartmouth College Library. The work he so ably started has been carried on in recent years by Mrs. Nellie Pierce who was deeply interested, and as the first Enfield Town Historian compiled a fabulous historical collection for the town; Wilson Roberts who spent years researching the history of the district school systems of Enfield and, with Harry Nichols, restored the Lockehaven schoolhouse as a museum; and George Roberts who contributed to the town the results of his years of genealogical research on Enfield families.

We are greatly indebted to these people, and earnestly desire to aid our present Town Historian, Mrs. Jeanette Haarala, with an ongoing historical collection of Enfield's past and present.

Our first year's activities have been exciting and varied, dealing in part with a first-hand study of early town history by means of field trips. Winter days brought indoor study of historical materials and volunteer help for Mrs. Haarala. Plans are now being formulated for 1977 activities, hoping that our membership can grow, and that more young people will become interested.

Last, but not least, as a group we are immensely proud of the newly renovated Whitney Hall, and wish to express our gratitude to all who had a part in planning, and carrying through, the preservation project for this fine old building. It is a bit of Enfield's past, filled with memories for many people, now to be a part of that ongoing history for new generations.

ENFIELD BICENTENNIAL COMMITTEE

To the citizens of the Town of Enfield and all who contributed to making the Enfield Bicentennial a success, the Enfield Bicentennial Committee herewith respectfully submits its report.

Millicent Evans Clapp, Chariman
Enfield Bicentennial Committee

Our committee was appointed by the selectmen in mid 1975. One of Enfield's first Bicentennial projects was the issuance of a "Welcome to Enfield" brochure containing pertinent information about our town to be given to all newcomers. This had a cover commemorating the Shakers and received favorable comment from all who received it.

We then had, as a lasting reminder of Enfield's participation in the Nation's 200th Birthday, plates produced for sale honoring the Enfield Shakers and their part in the early history of Enfield. (Some of which are still available.)

On November 9, 1975, Gov. Meldrim Thomson, Jr. presented the Bicentennial Certificate and Bicentennial Flag to the town making Enfield an official Bicentennial Community. The ceremonies were held at the Enfield Elementary School and the Mascoma Valley High School Band and the Elementary School Chorus sang. Several hundred people were in attendance. At this time, our main project was announced which was the building of a fence around Huse Park with a commemorative archway dedicated to the Huse family who gave Enfield the park land in the 1800's. This project was very costly and we were granted $500 by a Federal Grant and $500 by a State NHARBC Grant. Then, thru the sale of the plates, medallions, etc., and the generous contributions from Mr. Robert H. Hewitt, Mr. Wilson Roberts, Mascoma

Lake Association, Boys Scouts, and others, we were successful in paying the complete cost. The Enfield Conservation Commission has given us $75.00 to purchase trees and shrubs in the spring. To wind up activities....we held a 4th of July 1976 banquet and dance jointly with the Enfield High Alumni Association as well as one of the biggest parades Enfield has ever had with many floats from neighboring towns participating.

We close this report with a sense of deep appreciation to all who made 1975-1976 of the Bicentennial era such a success in Enfield.

REPORT OF THE ENFIELD BUILDING COMMITTEE

Interest in resolving the space needs for Town offices was first expressed in 1944 when the Town began a capital reserve account for this purpose with an initial deposit of $2,000. Between then and 1976, however, the only improvements that were made were the installation of a fire escape on Whitney Hall in 1947 and the refurbishing of the auditorium in 1952. In 1969, the Town began to investigate the possibility of constructing a new building but no significant action was taken. In 1974, the Town authorized the Selectmen to appoint a Committee of nine to review recommendations made by the Upper Valley-Lake Sunapee Council regarding the development of new Town office space. The present Enfield Building Committee was formed in the fall of 1974 and recommended in its report to Town Meeting 1975 to withdraw $10,000.00 from the Building Fund to hire consulting services for the preparation of alternatives to solve the space needs of Town government. The proposals were prepared by Day & Ertman, Architects, of Lexington, Mass. At a special Town Meeting in October 1975, the Town made a choice and voted to renovate Whitney Hall. At Town Meeting in 1976, $138,000.00 was appropriated for the project. The contract was awarded to the low bidder, United Construction of Newport in April 1976 and construction commenced in May. The contractor closely adhered to the drawing, specifications, and schedule and the new office space was occupied in December of 1976. At the time of this report, the only work remaining includes the completion of site work and the painting of the exterior of the structure, both of which will be completed during warm weather this spring. As predicted, Whitney Hall did indeed have a great deal of under-utilized space and we are pleased that the renovation has been so successful. The renovation has brought new life to Whitney

Hall and by summertime 1977 the Town will have gained what is effectively a brand new building in which to conduct its affairs.
The Building Committee would like to thank all members of the community who have worked on this project in recent years as well as all those individuals who prepared the way through their efforts in the past.

ENFIELD PUBLIC LIBRARY

1976 was a year of transition. Following eight years of devoted and capable service, Librarian Mary L. Allen retired from the library administration. In June, Mrs. Beryl St. Laurent joined the staff as library assistant. Arrangements were made allowing grade school bus students and kindergarten members to use the library facilities during designated school hours. Circulation reached 12,000, an increase over last year.

In addition to general renovation, carpeting was installed in the main section of the library, improving reading atmosphere and decor. A much needed magazine rack, contributed by realtor Bruce Johnson was added; along with a chair mat provided through the efforts of Friends of the Library, who deserve recognition for their many hours of volunteer service in the library's behalf.

To the Boy Scouts for moving books during the renovation and to Rian Keating for the many hours of assistance rendered during the year, sincere gratitude. A further note of appreciative acknowledgement is extended to all others for the thoughtful donations of time, books and material.

In closing, the library administration extends a warm invitation to visit the library and utilize its facilities.

Respectfully submitted,

Marjorie A. Carr

MASCOMA AREA HEALTH COUNCIL
Summary of Services for Town Reports
January 1, 1976 to December 31, 1976

The Mascoma Area Health Council established at the Town Meetings in 1969 will, this year, start its eighth year of service to the Towns of Canaan, Enfield, Grafton and Orange and its second year to Dorchester. Serving a population of approximately 5500, the Councils' two nurses provide nursing service in the home and a complete health promotion and disease prevention program. The Council receives referrals from hospitals, local physicians, relatives, concerned neighbors or the patient. The Nurses' home visits now average about 210 per month. A Physical Therapist, Elain Mackin of Enfield, is on contract with the Council and available when needed as are the Home Health Aides.

The free Well Child Clinic, held every month, has an enrollment of approximately 250 pre-school children. These children are eligible to participate in the bi-annual Dental Clinic sponsored by the N.H. State Department of Dental Health. These clinics are now held in Enfield Town Hall, "Whitney Hall", where the Mascoma Area Health Council office is located, telephone 632-7234.

From time to time the Council cooperates with other agencies and the N.H. Department of Health to provide Adult Health Screening clinics and a Women's Clinic sponsored by the American Cancer Society.

Council support comes from the Five Towns served on a per capita basis, plus fees collected from Medicare, Medicaid, Third Party Payers and private paying patients. Of necessity we must set a fee for skilled nursing service rendered other than the free clinics. However the services of the Council are available to everyone regardless of ability to pay.

The Council is governed by a volunteer Board of Directors elected from the five towns. Its

Medical Policies and Practices are supervised by a Medical Advisory Board consisting of area Physicians and nurses.
Susan Schleich, R.N. of West Canaan is Nurse-Director of the Council. Betsy Larison, R.N. of West Lebanon is a full time nurse and our office and administrative duties are assisted by Sharron A. Wheeler of Enfield.

CERTIFICATE OF AUDIT

I have examined the records of the Board of Selectmen, Public Library, Trustees of Trust Funds, Town Clerk, Town Treasurer, Tax Collector, Overseer of Public Welfare, and Revenue Sharing Funds for the Town of Enfield,New Hampshire; including statements of Revenue, Appropriations, Encumbrances, Payments and available Unobligated Funds for the year 1976.

My examination was made in accordance with accepted auditing principles applied on a basis consistent with preceeding years; and accordingly included tests of the accounting records and other auditing procedures considered necessary during the examination. Reconciling entries were made in the records of the Town Clerk and Town Treasurer to properly account for receivables and adjust deposits, and the final statements of the Town reflect these transactions.

In my opinion, the records and statements presented to me, as adjusted, represent an accurate account of financial condition for the year ended December 31, 1976.

REPORT OF THE RECREATION COMMISSION

This year we saw the completion of the Huse Park Building. The swings as well as the rest of the playground equipment was put up in time for plenty of use this summer. The bleachers were put together in plenty of time for baseball. Next spring we should have the other set of bleachers ready for action.

The summer program was directed by Betsy Christy again. The program was again successful through the efforts of Betsy and her staff; Charles "Chuck" Stone, Julia Allen and Anna Maloy, life-guard at Shakoma Beach.

The winter skiing program saw 40 children take advantage of Whaleback's special season tickets offer.

Our Christmas party, unfortunately, wasn't very well attended. The program proceeded nonetheless with Orville Sornberger's Magic program; Gary Hamel, Puppeteer, and Albert Alessi, Guitarist and Folk singer. Santa Claus showed up and after giving out candy canes the program came to a close.

Here are the names of a few people who spent time working at Huse Park this past year: Guy Bailey, Bill & Kris Wheeler, Dick Gardner, Russ Shopland, Wilmont Estes, John Dunn, Irv Laughlin, Don Daniels, and Andy LeCain. Many thanks to these people and others who helped.

We extend to Amelia Maloy and Mimi Johnson our heartfelt thank you for the many years you have served on the Rec. Commission. A special thanks to Amelia as she spent many hours keeping our finances straightened out for us. Thank you both very much for your concern for community recreation.

Enfield, we invite you to make good use of your park in the coming year.
